

# Tablet

The Holoware Gizmos Tablet offers a blend of performance and portability, perfect for both personal and professional use. It is powered by an MTK 6762 Octa Core 2.2GHz processor, providing sufficient power for everyday tasks and multitasking. The tablet comes with 4GB of RAM and 64GB of internal storage, expandable via a Micro SD card up to 512GB, ensuring ample space for apps, media, and documents.

The 10.1" IPS touchscreen with a resolution of 1280x800 delivers clear and vibrant visuals, suitable for both work and entertainment. For connectivity, it supports Wi-Fi 802.11 a/b/g/n/ac (2.4G+5G) and Bluetooth 5.0, offering reliable wireless performance. The device features built-in speakers and a dual-camera setup with a 5.0 MP front camera and a 13.0 MP rear camera, making it ideal for video calls and photography.

With a lithium-ion polymer battery of 6000mAh, the tablet ensures long-lasting usage. It also includes essential ports such as a Type-C port for data transfer and charging, a 3.5mm headphone jack, and a Micro SD card slot. The tablet runs on Android 11, providing a modern and user-friendly interface.

The Holoware Gizmos Tablet is enclosed in a sleek black metal case, measuring 241x160x8.4mm and weighing only 530g, making it highly portable. It comes bundled with a POGO PIN keyboard, an input device ideal for efficient typing and quick tablet-to-keyboard connection, offering excellent value and versatility for users.
