Executive M120

Introducing the HoloWare Gizmos Executive M120 Series Laptop, designed for business professionals and content creators alike. This sleek and powerful laptop features 12th Gen Intel Core processors, a vibrant 14-inch Full HD IPS display, and robust connectivity options, making it ideal for productivity and creative tasks.

The laptop comes equipped with versatile connectivity ports, including USB Type-C for fast data transfer, HDMI for high-quality audio and video output, and USB 3.0 for seamless peripheral connectivity. These ports enable users to connect external displays, storage devices, and accessories, enhancing productivity and multimedia experiences.

For security and convenience, the HoloWare Gizmos Executive M120 Series Laptop features a built-in fingerprint reader for secure access control, ensuring data protection and user privacy. Its lightweight and durable design make it perfect for entrepreneurs, executives, remote workers, and creative professionals who prioritize performance and portability.

- Business professionals, executives, and frequent travellers requiring powerful and portable devices for productivity, presentations, and multitasking
- Content creators, video editors, and graphic designers seeking high-performance laptops for resource-intensive tasks
- Power users and enthusiasts who demand robust computing capabilities in a sleek and compact form factor
