

Gizmos M120 Executive Laptop

Introducing the Holoware Gizmos Executive M120 Series Laptop, designed for business professionals and content creators alike. This sleek and powerful laptop features 12th Gen Intel Core processors, a vibrant 14-inch full HD IPS display, and robust connectivity options, making it ideal for productivity and creative tasks. Its elegant, full-metal body with a premium front look and glowing light accent adds a touch of sophistication, combining style with functionality.

The laptop is equipped with versatile connectivity ports, including a fully functional USB Type-C port that supports fast data transfer, power delivery, and versatile connectivity; HDMI for high-quality audio and video output; and USB 3.0 for seamless peripheral connections. It also features a memory card socket that supports SDXC/SDHC memory cards through a dedicated slot, enhancing data storage and transfer flexibility.

For audio performance, the laptop utilizes built-in stereo speakers, delivering powerful 2W x 2 sound output. The 45Wh battery ensures long-lasting usage. For security and convenience, the Holoware Gizmos Executive M120 Series Laptop includes a default backlit fingerprint reader for secure access control, while its spill-resistant backlit keyboard adds an extra layer of durability. Its lightweight design makes it ideal for remote workers and creative professionals who prioritize performance and portability.

- **Business Travel & Presentations:**

Lightweight and powerful, the laptop is ideal for executives on the go, delivering smooth operation for business applications and professional presentations.

- **Data Analysis & Reporting:**

With robust processing power and expandable RAM, the laptop efficiently manages data analysis, large spreadsheets, and complex financial reports.

- **Secure Remote Work & Video Conferencing:**

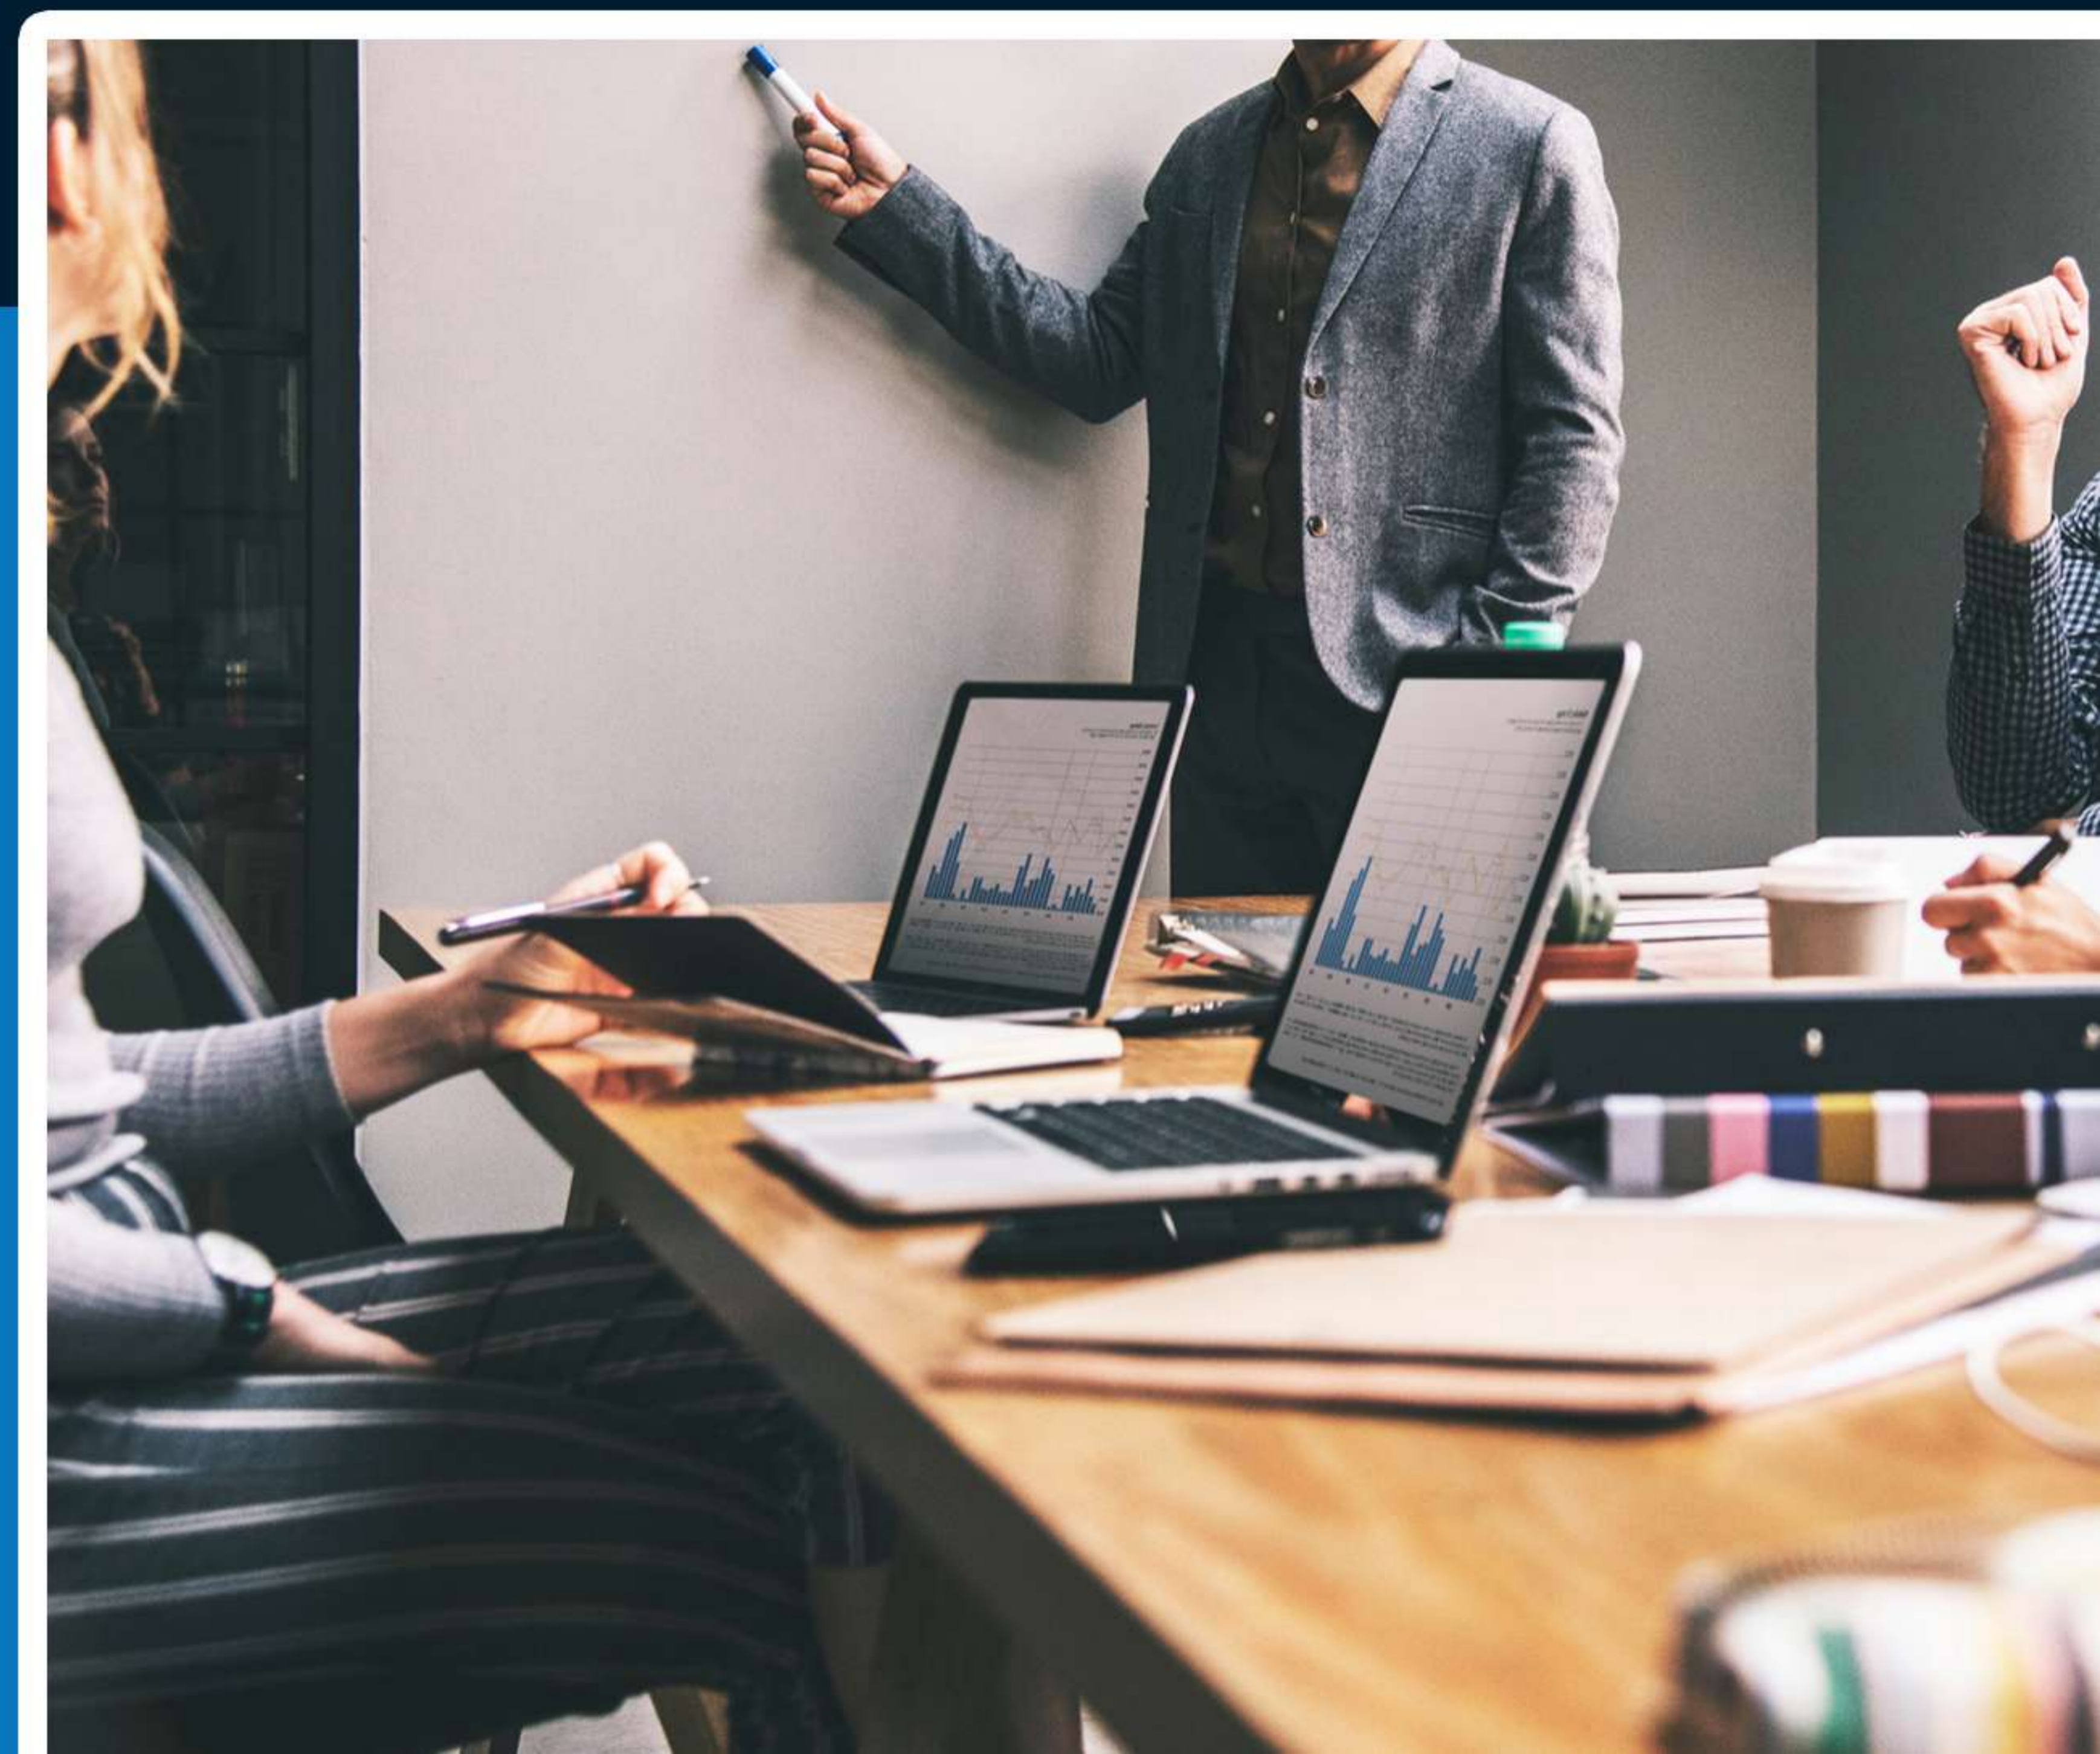

Advanced security features protect sensitive information, while high-definition camera and audio components support secure remote work and effective video conferencing.

- **Project Management & Document Creation:**

Supports multitasking and project management tools, making it easy to handle multiple projects, create and edit documents, and develop detailed reports.

- **CRM & Corporate Training:**

Ideal for managing customer relationships and conducting training sessions, enhancing the use of CRM software and e-learning platforms.
